Now Let's dive right in and see how those fun features work!

Live Gifts

Live Gifts is one of the popular features that allows broadcasters to collect Diamonds, which are awarded based on the popularity of your Live streams.

You can earn diamonds by broadcasting. If users are particularly pleased with your stream, they will send gifts as tips. Each gift is worth a certain number of coins. Users have to purchase these coins with real money. And you can exchange your diamonds for real money.

Private Call

Interested in earning more diamonds while live broadcasting?

I'm happy to inform you that you can accept 1-1 calls during your live broadcast, and earn diamonds for every minute during the call.

You can set the price you charge per minute.

The best part is that you can continue your public live broadcast after ending the private call. I believe this feature would help you make the most of your live broadcasting experience!

Choose your live call price.
Note: you will receive those diamonds every minute.

- 100  per minute
- 200  per minute
- 300  per minute
- 500  per minute
- 1000  per minute
